

Liberal Democrats

Clean Campaign Pledge

For decades, people's trust in politicians has been fading. In 2009, the MP's expenses scandal rightly increased the voters mistrust. The Liberal Democrats recognise that feelings of anger toward politicians are entirely justified and worsened by a poor system of campaigning in which all parties have taken part.

To remedy this, the Liberal Democrats are making a "Clean Campaign Pledge" – and we are asking all other parties running in Northampton North, Northampton South and South Northamptonshire, to sign up to the following:

- We will *never* lie to the electorate
- We will not make statements about our opponents without evidence to support them
- We will provide references for these statements on our web sites
- We will be honest about our past records, good and bad, and we will be open about the policies we would support as MPs.
- We will publish details of major donors to our campaigns
- We will never let electioneering stop us fighting for our constituents
